Why choose **REVVI 16 PLUS** Electric Balance Bike ?

PREMIUM MODEL

for riders aged 5+

MOST POWERFUL MOTOR

in the range – 250W

HIGH PERFORMANCE

rear disc brake.

REINFORCED FRAME

for durability and aggressive riding

EXTENDED BATTERY RANGE

for longer adventures

REINFORCED Premium Frame

Upgraded aluminium frame with enhanced strength and refined construction.

Built to handle more demanding riding styles while maintaining a premium appearance.

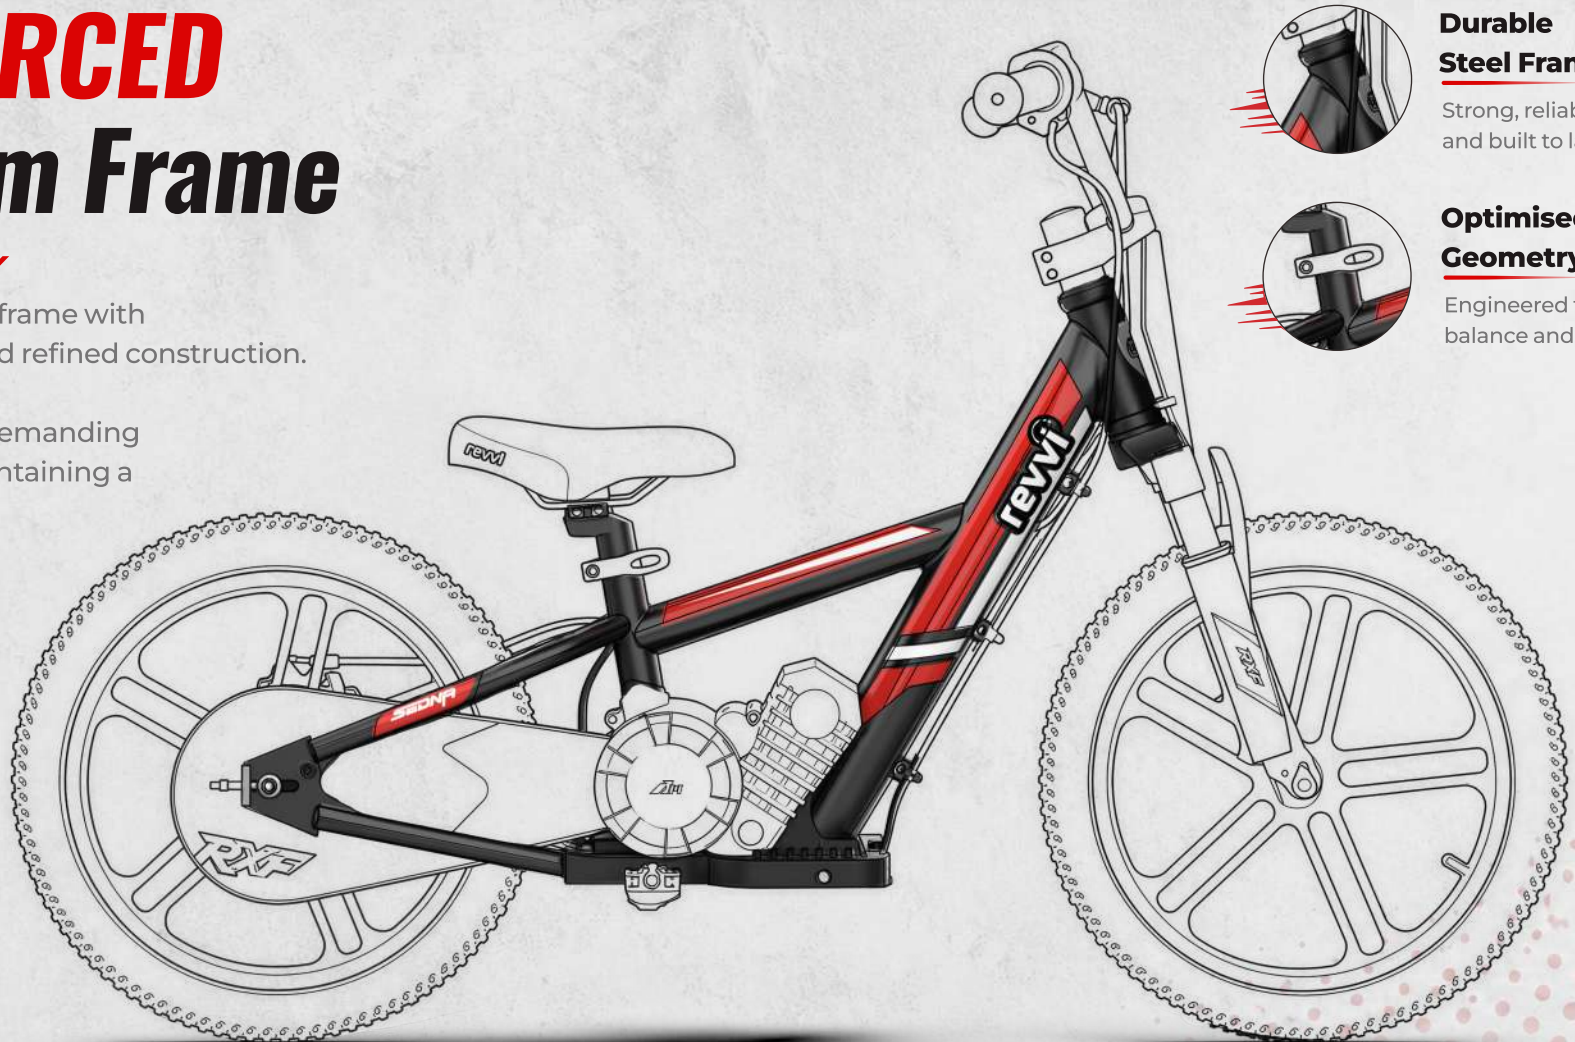

Enhanced Strength

Lightweight Aluminium

Refined construction

Durable Steel Frame

Strong, reliable and built to last.

Optimised Geometry

Engineered for better balance and control

HIGH-PERFORMANCE MOTOR SYSTEM

250W powerful brushless motor **(280W peak)**

- Delivers strong acceleration, excellent climbing ability and stable performance across different terrains.

- Fast start control unit, faster acceleration.

HIGH-PERFORMANCE POWER BATTERY

6.4AH lithium battery

Provide extended riding time

Hidden design

for a clean look, with quick-release for easy charging and swapping.

Slow speed

Approx 1h 45mins constant use

Medium speed

Approx 1h 20mins constant use

Fast speed

Approx 60mins constant use

QUICK **BATTERY REMOVAL**

Safe, Easy and Quick

Step 1 Remove battery cover

Step 2 Pull out battery

THREE ADJUSTABLE SPEED MODES

LOW

Approximately 8 mph
Learning mode

MEDIUM

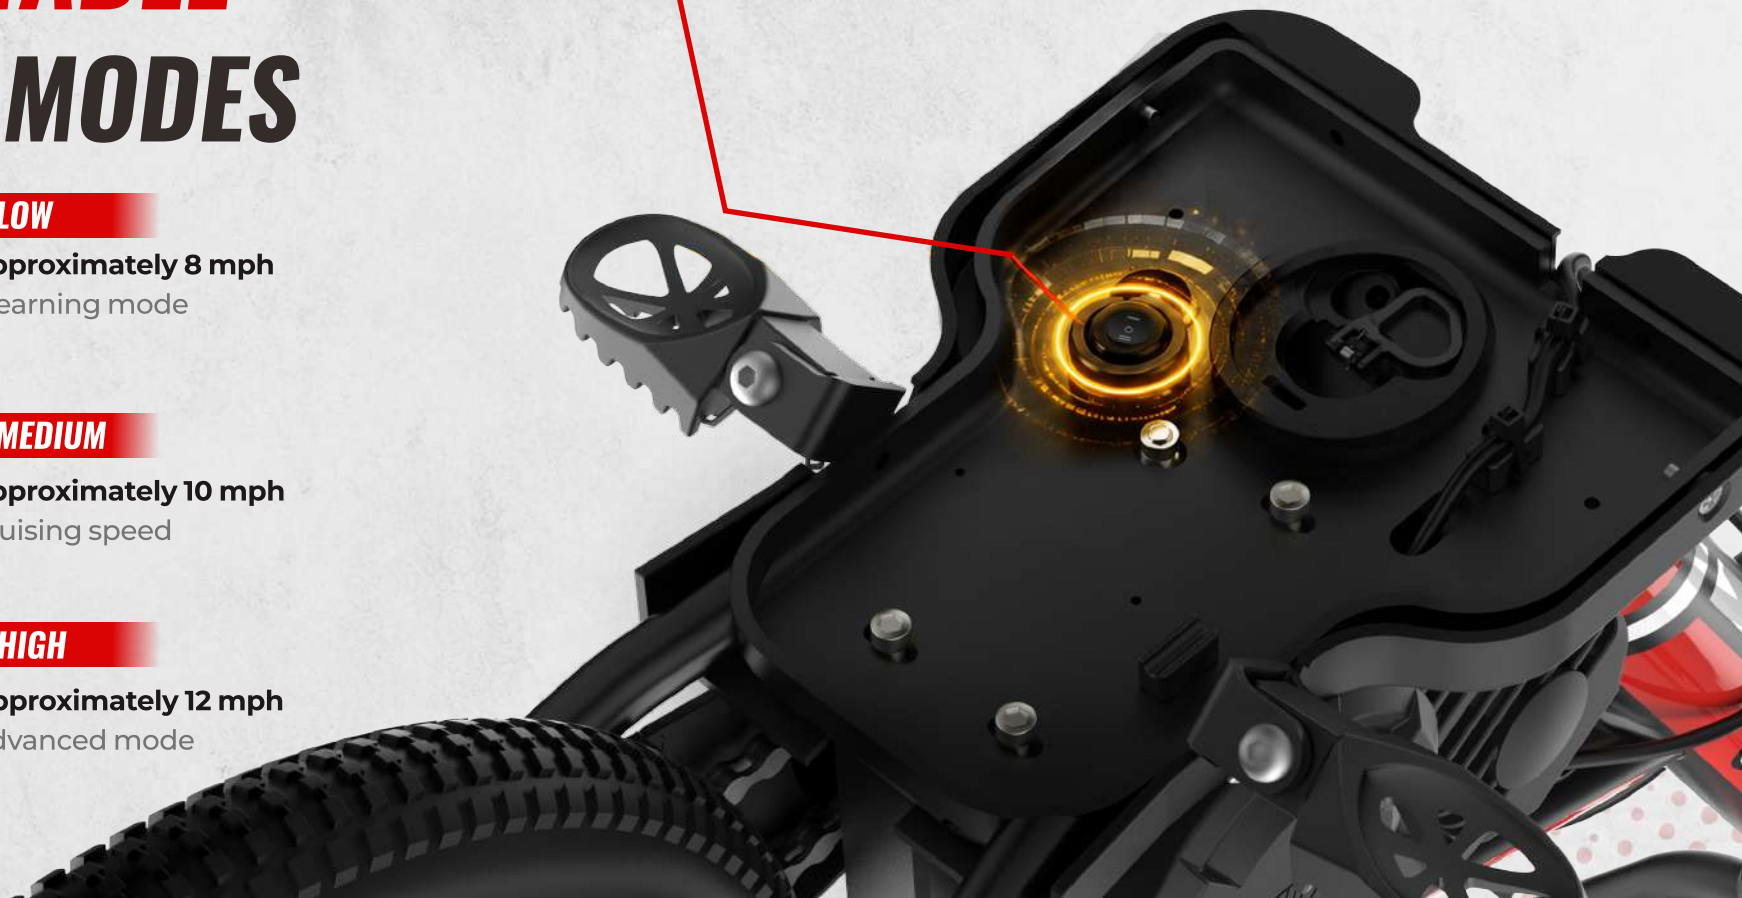

Approximately 10 mph
Cruising speed

HIGH

Approximately 12 mph
Advanced mode

Allow riders to adapt to different environments and skill levels, ensuring safe progression.

CHILD FRIENDLY CONTROL SYSTEM

Handlebar grips precisely sized for 5+ year old hands.

Ergonomic and patented grip size

for better control

Anti-slip rubber

for safety in all conditions

Soft-touch

material for comfort

Makes riding easier

safer and more enjoyable
